There's Value Added To Good Value In These New

Wirthmor And Welworth Waists \$1.50 % \$2.50

-It's the ambition of the makers of the Wirthmor and Welworth Waists to crowd into them every possible iola of value. This has been Wirthmor and Welworth policy ever since the Waists had their inception many years ago. And, now as the

cost of cotton materials recede, it's possible to put this added value into the Waists in the way of finer trimmings or more costly workmanship. If you are familiar with the splendid quality of the Wirthmor and Welworth but haven't bought one lately then we urge upon you the advisability of seeing these exceptionally pleasing new Styles that go on sale tomorrow. The values considered the prices are extremely moderate. See these Blouses tomorrow.

You will never know just how good a Waist \$1.50 and \$2.50 will buy, until you have bought and worn a Wirthmor or a Welworth. Sold in just one good store in every city and sold
